

~~CONFIDENTIAL~~

25 January 1951

MEMORANDUM FOR: EXECUTIVE ASSISTANT TO THE
DIRECTOR OF CENTRAL INTELLIGENCE

1. Due to circumstances involving the physical relocation of the graphics facility assigned to O/RR, it is not possible to meet the tentative target date of 10 February 1951 originally set for the appearance of the second edition of the graphic study, "Comparison of Selected Items in US and USSR Military Strength and Industrial Production."

2. It will be recalled that the first edition of this study appeared early in January, and that it was the Director's desire, as expressed at the IAC meeting of 7 December 1950, that revisions be made at approximately monthly intervals.

3. Accordingly, approval is requested for the postponement of the appearance of the second edition of this study to the week of 19 February 1951.
